

VINAY TASARE

Java Backend Developer

Hyderabad | tasarevinay@gmail.com | +91 96890 73927 | github.com/vinaytasare | linkedin.com/in/vinay-tasare

PROFESSIONAL SUMMARY

Java Backend Developer with hands-on training in Java, Spring Boot, REST APIs, and Oracle SQL. Built two full-stack backend projects (Healthcare Hub, Library Management System) using layered architecture and RESTful API design. HackerRank certified in Java and SQL. Seeking a Java Backend Developer role to apply strong fundamentals in object-oriented programming, Spring ecosystem, and database design.

TECHNICAL SKILLS

Languages: Java, SQL

Backend & Frameworks: Spring Boot, Spring MVC, Spring Data JPA, Hibernate, REST APIs, Microservices

Databases: Oracle DB, PL/SQL

Frontend: HTML, CSS, Bootstrap

Developer Tools: Git, GitHub, Postman, Swagger, Eclipse, VS Code

Core Concepts: Object-Oriented Programming, Exception Handling, Collections Framework, Layered Architecture

PROJECTS

Healthcare Hub

Jan 2025 - Apr 2025

Backend system for a healthcare application featuring a Google Gemini AI chatbot restricted to safe, healthcare-related queries.

- Designed and implemented RESTful APIs for data exchange across modules.
- Built a normalized Oracle SQL database to improve data consistency and query performance.
- Implemented Controller-Service-Repository layered architecture.
- Managed source code with Git and GitHub using feature branching and pull requests.

Technologies Used: Java, Spring Boot, Spring Data JPA, REST APIs, Oracle SQL, Git, GitHub

Library Management System

Sep 2024 - Dec 2024

Library Management System to manage books, members, and borrowing operations.

- Designed RESTful APIs for the book catalog, issue/return workflows, and user management.
- Developed backend services in Spring Boot to handle business logic.
- Designed the relational database schema in Oracle DB for books, users, and transaction records.
- Followed modular, scalable architecture with clean coding practices.

Technologies Used: Java, Spring Boot, Oracle DB

CERTIFICATIONS

- HackerRank Java Certificate — Java, OOP concepts, Problem Solving
- HackerRank SQL Certificate — SQL Queries, Joins, Database Operations

EDUCATION

Bachelor of Engineering, Computer Science and Engineering

2021 - 2025

Sant Gadge Baba Amravati University, Amravati, Maharashtra

TRAINING

Java Full Stack Development Training

Hyderabad

Naresh i Technologies

- Completed hands-on training in Java, Spring Boot, and full-stack development fundamentals.
- Practiced building REST APIs and working with Oracle SQL for database design.
- Applied object-oriented programming and layered architecture principles in guided exercises.
- Strengthened problem-solving skills through hands-on coding assignments and assessments.
